Mailing Lists

Purpose: Establish NCWM policy on requests for mailing lists of NCWM membership.

Background: Occasionally, NCWM receives requests to purchase or rent mailing lists of its membership. These requests may be for the entire mailing list or specific interest groups within the membership. The Board of Directors does not believe it is in the best interest of the organization or its members to provide such lists. Members have entrusted NCWM with their contact information to enable communication within the organization. Parties interested in networking with NCWM membership can obtain access to the on line membership directory by joining NCWM.

Policy:

1. Mailing lists of NCWM membership shall not be provided by NCWM on a free, rent, or purchase basis.
