

Popcorn Marshmallow Balls

Easy to make and a fun family project

- 3 quarts popped JOLLY TIME[®] Blast O Butter[®] or Butter•Licious[®] Microwave Pop Corn
- 1/4 cup butter or margarine
- 1 bag (10 oz.) marshmallows
- Vegetable food coloring (optional)

Here's How:

Put the popped popcorn in large bowl or pan; set aside. In heavy saucepan, heat butter and marshmallows on low heat, stirring constantly, until melted and smooth. If you wish, add food coloring to the melted marshmallow mix and stir until the color is blended. Pour mixture over popcorn and mix

carefully until popcorn is well coated. Press into balls using the JOLLY TIME® Pop Corn Ball Maker, or butter your hands to protect them from the heat and shape as you wish.

Microwave Magic: Put popped popcorn in large pan or bowl; set aside. In large microwave-safe bowl, microwave butter on HIGH until butter is melted, about 30 to 45 seconds. Add marshmallows. Microwave on HIGH until marshmallows look puffy, about 1 to 1-1/2 minutes. Stir to completely melt marshmallows (CAREFUL — the mixture will be HOT!). Now pour melted marshmallows over the popcorn and mix carefully until the popcorn is coated.

Yield: about 12 popcorn balls
